

be organic. be bio.

Who we are

We are unique, we are different

- Our company brings together the perfect combination of youthful energy and the know-how that comes from a wealth of experience.
- We are a market leader and industry benchmark in the production and sale of Mediterranean fruit and vegetables.
- We believe in the spirit of the Agora, as a place to share ideas and objectives to improve living and working together.

Our strengths

- A wide range of flavour-filled, premium-quality organic products
- A portfolio of over 30 different products, including citrus fruit, vegetables, and exotic fruit.
- Prestigious, authentic, quality designations
 - Kaki Ribera del Xúquer D.O.
 - Valencia Citrus Fruit P.G.I.
 - La Cañada Tomato P.G.I.
- A human approach with the involvement of all parties, based on transparent information and equal sharing of objectives and results.
- Network of partner companies and member producers around the Mediterranean.
- Our know-how of the European market.

Be organic.
Be bio.

Our commitment

To be your organic produce partner and work towards a more sustainable future

How?

- Through the extensive supply afforded by our rich and fertile production areas.
- Through our ability to respond to your needs: creation of production programmes, development of exclusive production programmes, including our own varieties, as well as valuable know-how gained from cross-border development.
- Through the innovation programmes carried out at our research centre in Museros (Valencia), and our close cooperation with the University of Almeria.
- Friendly, personalised customer service.
